General CommentsITEM 60 ERECT STRUCTURAL STEEL (BRIDGE)(SADDLE);
JACKING SADDLE; LOAD TRANSFER PREP FIELD WORK:

No field work today. ABF Safety checks the confined space air inside W2 first thing in the morning. Even though there is no work inside the confined space inside W2, the blower is turned on today. ABF has a short list of some items to address before the next jacking operation to install the second shim.
